Continuing Education Course
Learn how Piezosurgery® and lasers can be incorporated in your practice to allow for enhanced efficiency and outcomes in both conventional as well as minimally invasive oral and periodontal surgery. This course is designed for both new users and those already using the technology.

Course Objectives:
- Learn how Piezosurgery® and lasers offer minimally invasive alternatives to traditional surgery to enhance and expand surgical services you offer patients.
- Learn about the science and patented technological breakthroughs employed in the development of Piezosurgery® by Mectron and DEKA CO2 laser.
- See how Piezosurgery® and lasers reduce bleeding, tissue trauma, morbidity and help reduce stress on the practitioner when working closely to delicate structures.

DATE & LOCATION
November 16, 2019
8901 Herrmann Dr.
Columbia, MD 21045

TUITION
- Complimentary
  (for Piezosurgery® Inc. customers)
- $295 per person
  (for non-Piezosurgery® Inc. customers)
Seating is limited.

Dr. Favagehi, DDS, MS
Dr. Favagehi is a Diplomate of the American Board of Periodontology. He received a B.S. in Biology from George Mason University in Fairfax, Virginia. In 1994, he received his D.D.S. degree from Medical College of Virginia (Virginia Commonwealth University). He completed his periodontics residency at The Ohio State University, where he also received a Master of Science (Oral Biology). Dr. Favagehi is an adjunct faculty member at the Virginia Commonwealth University since 1998 and has received a Teaching and Mentorship award from the American Academy of Periodontology. He has served as a reviewer for the Journal of Periodontology and has served in the Research Submission Committees of the American Academy of Periodontology and Academy of Osseointegration where he also served as committee chairman. Dr. Favagehi and his wife, Dr. Lourdes Ann Christopher, maintain a private practice focusing on periodontics and implant dentistry in the Washington DC area since 1997.
